Hello

Before any more major development projects are brought forth perhaps this Council can provide basic Infrastructure Services that are fundamental to your fiduciary duties such as a one provider Multi-family Solid Waste Collection service.

Until then this council has no credibility .

You want to be like Surrey, well quit trying to ram highrises down the taxpayers and voters throats without basic municipal services.

Surrey provides that service quite easily but apparently MFSWCS is above this White Rock Council's pay grade.

Until then White Rock is just a hicktown.

By the way Surrey also provides 6 large item pickups a year to all residential addresses. Single Family and Multifamily.

It's egregious that not even one number was provided in the non existent business case presented. Hearsay doesn't cut it!

Warm Regards
