You don't often get email from Redacted . [Learn why this is important](#)

We own a property and a business at Redacted directly across 16th Ave from this proposal.

We are highly opposed to this proposal!!

The lack of care and maintenance to the 36+ vacant properties across from this proposal make this a serious concern.

The safe injection site at the hospital is already a serious problem and this can only add to that. The developer has left us in dismay for over 5 years now and we have had fires, theft and explosions from the homeless. It's only getting worse and this would be atrocious to our community.

Police have chosen to not even try to keep up to the multiple issues here, it is weekly or multiple times weekly.

The only way anything gets maintained or removed (including homeless) is from the neighbourhood complaining constantly to Bylaw (Def ears) and then to Counselors and MLA. Counselor Linda Anis and MLA Trevor Halford have been the only source of any feasible living solutions in this neighbourhood for the past years.

Maybe you should consult them, this is not the area to add more issues to.

Thank you,
