Dear White Rock City council.

I thought we had elected a council that was dedicated to stopping the rampant over-development of the White Rock town centre. The area has been a nightmare for pedestrians and vehicles for years with flag person nazis popping up everywhere. Now, it seems, that just as light is beginning to show at the end of this tunnel, they are proposing that an already excessive 10 storey limit be increased to a whopping 29 storeys in one case and 23 and 18 storeys in two others. Are they insane? Who but greedy developers and politicians on the take could think this was a good idea. Or is this another instance where they start out with something so outrageous that the public will become compliant when they shave off 2 or 3 storeys.

Please reconsider.

Yours truly,

Dale Evoy
