Totally opposed... why would council approve such a plan? what affordable housing are you proposing? when there has never been any affordable housing here in White Rock, White Rock has become a mecca for the affluent majority , no senior housing has been a priority a 29 story building to house whom? how is the city of White Rock able to sustain the water garbage roads ? yes high end senior housing on 16th approved ,not affordable housing? this city will be a concrete only place for the wealthy ,please explain, encourage more affordable housing choices what choices?
green space where???

no we will vote NO ,this proposal has nothing to do with affordable housing !!!! just developers who have massive input into the city planners
