To Whom it May Concern:

I live at 1480 Foster Street, right next door to the continuous building of million dollars high rises. I am against the densification of the city centre. Follow the money. Most residents in my building will not live to see the day when roads are closed, flag people pause you on your way to grocery shop or the over crowding of roads, services and retail outlets. Sacrifice us, the seniors who live and vote in White Rock for developer funded buy outs of city councillors.

They will pay. Unfortunately, so will we residents!

Robert Johnston
