

White Rock Marine Drive Bus Services

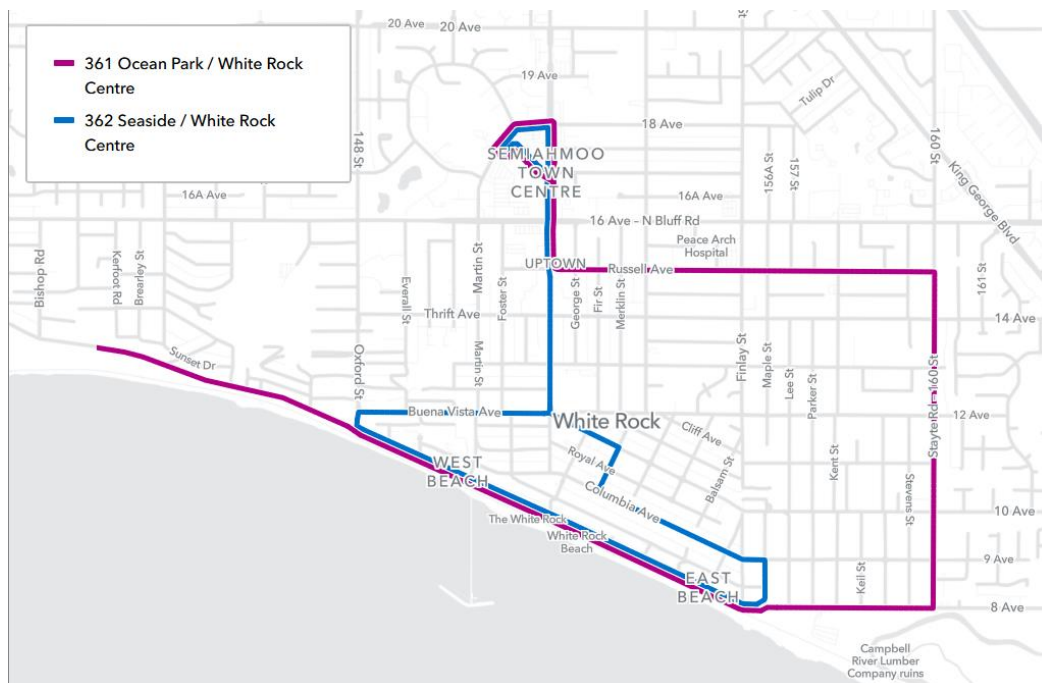

Marine Drive in White Rock is served by TransLink routes 361 and 362. Both routes provide customers the ability to travel between White Rock Centre and the seaside / beach along Marine Drive. Ridership on these routes is generally higher in the summer and on weekends, indicating that these routes serve both local residents and visitors to the community.

361

Operates every 30 min on weekdays and every 60 min on weekends between Ocean Park and White Rock Centre via Marine Dr, Stayte Rd, and Russel Ave.

362

Operates every 30 min, seven days a week between Marine Drive and White Rock Centre.

A review of the schedules of these routes, shows that departures of both routes are not evenly spaced. 361 and 362 trips depart within 1-4 minutes of each other on the shared portion of the routes at eastbound stops on Marine Dr between Oxford St and Finlay St.

This timing of schedules is intended to allow customers to connect to regional bus services at White Rock Centre. This is particularly important for customers who ride to or from stops on other portions of the route, where routes 361 and 362 do not overlap, as it allows customers along the entire extent of these routes to make their connections without a wait.

Average daily boardings on Marine Drive between Stayte Rd and Oxford St were summarized for both routes. Ridership on both routes experiences a seasonal increase in the summer months. Route 362 generally sees higher ridership on weekends compared to weekdays. Ridership on both routes has been affected by the COVID pandemic. On Marine Drive, route 362 has seen a slightly higher than average ridership recovery, particularly in the summer months.
