- Financial Plan software could still be two (2) years before being ready to be implemented
- Climate Change Grant, can go towards more EV chargers / consideration for electric bike charging stations
- CUPE and IAFF negotiations still outstanding
- The hump vegetation needs attention, \$10,000 will cover maintenance at the top (maple shoots and blackberries, may help with view), further study needed as this has not been done since at least 2017
- Snowbirds plan to attend in White Rock 2023, funding there but it may have to be augmented
- Roads (maintenance and encroachments), this work has not been tracked before (estimates previously)
- A member of Council requested Analysis of Operations Reserves - staff will get back on this
- Fire Rescue, medical vs. mental health needs are there stats regarding the types of calls? It was noted this could be reviewed
