Hi Guillermo,

We are actively working with partners on Council's priority of securing a temporary winter or extreme winter shelter for South Surrey.

Our extreme weather action plan provides information about daytime access to civic facilities such as South Surrey Rec Centre for respite during the day.

There are no suitable city-owned locations for the former daytime warming shelter to be located in South Surrey. A community group made up of representatives from Options, Sources and Engaged Communities have asked about provincial owned lands at 3800 King George and we are passing on that information to representatives from BC Housing.

Thanks

Terry

Hi Terry,

Hope this email finds you well. I'm checking to see if there is any updates on the warming shelter discussion.

Thank you,

G.
