Johnston Road Phase 2 Open House Comments

Date: December 14, 2023 from 2 to 6 pm

Topic	Comment 1	Comment 2	Comment 3	Comment 4	Comment 5	Comment 6	Comment 7	Comment 8	Comment 9
Construction Timeline	Several contract companies have said that a city block project of this scope should take 2 months	Ensure contractors completes this project in a timely manner. Penalties for going over allocated time and bonus too	Complete early. Make sure they get it done.	Looks good, quicker completion is my vote	A 6 week road closure is best for residents and shop owners of 1400 block of Johnston.	The most important issue is getting this project done as quickly as possible.	The shortest construction period possible is preferred.		
Construction Scope Additions	Pavement markings north of curb bulge, west side , to stop parking near crosswalk	Parallel parking markings	Access behind Bin101/All Star. Review possibilities of ramp, removing fence, trees and retaining wall	Signalized crosswalk					
Road Access	Better pedestrian access needed. Some palm trees along the middle like Tsawassen	Keep one lane open, south bound if possible.	Important to keep buses moving on Thrift Ave	Johnston is major north/south corridor. Why include intrusions into roadway to further cut traffic flow?	Only access to main lobby of Miramar tower on Johnston Rd. Access needed serveral times per month for periods of four hours. Street could otherwise remain closed	Leave one lane open :)			
Businesses Requests and Access requirements	Project coffee chats with business owners	This is an issue that will affect all White Rock Businesses include the beach restaurants.	Extend parkade hours under Bean around the world	Have Johnston road open from 7 to 5 for drop off (access specific for Bin 101/All star cuts/ Flower and Company)	Continued access for businesses must be considered.	WR Farmers market needs access to Russell Ave Sundays (April to Oct) Intersection of Johnston and Russell cannot be closed on Sundays	Access for moving trucks into Miramar for new and leaving residents	Make sure to leave access for All Star Cut, Flower and Company and Bin101. We do need every day traffic for businesses. Thanks	Notify Business owners when council meeting happens to award contract. Physical letters
Public Engagement	Not everyone is online. City should reach out in other methods to interested parties. One comment was to connect with the Strata's in the area	Put design on TalkWhite Rock							
Johnston Road Plant and sidewalk maintenance	Please ensure west side of sidewalk recieves attention in keeping with the east side improvements	Who's responsible for plant maintenance west side of Johnston rd? It needs to be done	Please remove the tree behind building of 1434 Johnston Rd . Don't put it back	Maintain planters in Phase 1 and 2					
Other	Please use District 1881 in Chilliwack as a blueprint for future development. It looks pretty, its attracting people from all over BC, successful businesses, and it will age with the City	East side of Johnston between Russell and Thrift not yet developed. Is everything redone when that happens?	Will company who worked on 2018 be allowed to bid on this proposal?	Can we replace the 8 red man statue with totem poles? Even Langley has a beautiful lit totem pole on 200th and 56th
